

*Discover the CRS
Data Difference!*

CRS Data Training Course
Wednesday, August 16
or Thursday, August 17

Omaha Area Board of REALTORS®
Education Center
11830 Nicholas St | Omaha, NE 68154

For assistance with CRS Data, contact the Helpdesk at 800-374-7488 or GetHelp@CRSdata.com

CRS Data is the most current, accurate data in the industry, with intuitive, web-based navigation.

- Look at recent sales (both MLS and FSBO) and find the best comps fast
- Access GIS tax maps (quickly measure lots and identify boundaries)
- Impress your clients with detailed property summaries and histories
- Add information about neighborhoods, subdivisions, schools, and flood conditions
- Prospect using maps, specific zip codes or subdivisions, streets, or even a geographical radius, then export information, or print mailing labels or letters directly from the system

Please return this form to Denise@OmahaREALTORS.com to register for this course.
